## Welcome to Cobblestone Theater

The Cobblestone Arts Center is a non-profit 501c3 and was founded in 1983 to bring the visual and performing arts to the rural community. All ages and abilities have always been welcome. Cobblestone wheelchair dance company, Wheels In Motion, began in 1986 and gave inspiration to form an all day arts program for adults with disabilities. Through music, dance, visual arts, and theatre these cobblestone students gain a great sense of value and accomplishment connecting with each other and the community. We are proud to bring all the arts to the community with community classes for all ages and abilities, and a new theatre space for the whole area to enjoy live performances.

## Cobblestone Foundation

Our foundation aims to empower underserved communities, including persons with disabilities, veterans, and at-risk teens by raising funds to support impactful projects at the Cobblestone Arts Center, fostering a reputation for philanthropy, and aligning with the center's mission, operating within the parameters of sections 501(c)(3)
